**Specialist Services
for the
South of England**

(Dorset/Hampshire/Isle of Wight/Somerset/West Sussex)

Who are You First?

You First are a team of passionate people, working in domestic and sexual violence & abuse and stalking services. Some of us are experts by lived experience and some by work experience and knowledge.

We believe there is no 'you and us' at You First — only us. We work together with you, using our combined experiences and knowledge to keep you safe to live a life free from violence and abuse.

We work across the South of England providing support, advocacy, advice, guidance, and information to all women, men, and children including people who self-ID under the LGBTQ+ umbrella and/or our BAME communities.

We also have bespoke projects for perpetrators and work closely with commissioned providers of perpetrator services.

We strive to offer inclusive, innovative, and excellent services so that people who have/are experiencing domestic abuse, sexual violence and stalking can access the right support at the right time. Our team is specialised, experienced, and prepared to be there for you throughout this difficult time.

Domestic abuse can be any incident of controlling, coercive, psychological, sexual, physical, economic, or emotional abuse. It can be a single incident or a number of incidents occurring between people aged 16 or over who are or have been in a relationship or are family members, irrespective of their gender or sexuality.

What is Domestic Abuse?
