Dear St Andrew's School Community,

We recently asked children in Years 2 to 6 to complete a pupil survey about school life at St Andrew's. Thank you to the children who shared their views so honestly.

We are really pleased that children generally told us they feel safe in school and on their way to and from school. Children also shared that they are generally happy at school, understand the school rules and feel that teachers explain their learning clearly.

The survey has also helped us identify some areas to keep improving. We want to make sure all children know who they can speak to if they feel worried or need help. We will also continue to support children who find school difficult at times, whether this is with their learning, friendships or feelings.

Some children told us they do not read regularly outside of school, so we will continue to encourage reading at home and work with families to support this.

Some children also said they had been hurt at school, including through accidents at playtimes. We will continue to remind children about playing safely, looking after each other and speaking to an adult if they are hurt or worried.

We are proud of the many positive things our children shared about St Andrew's, and we will use their feedback to keep making our school a safe, happy and supportive place for everyone.

Thank you for your continued support.

Kind regards,

The St Andrew's Team

**Making a difference: for good, with each other,
everyone, in our community.**

'Let all you do, be done in love'

1 Corinthians 14:16
